PACKAGE #2

Breeding to Hanoverian Stallion Weltbekannt, sire to one of Sharon's best event horses.

Weltbekannt is by Weltmeyer, the most sensational stallion and sire to grace the Hanoverian breed in the last decade, and perhaps in the last century. Weltbekannt was purchased as a two year old in Germany by Suzanne Quarles of Some Day Soon Farm before he was licensed and performance tested. He was foaled in 1992, licensed at Verden in 1994 and 100 days tested at Muenster Handorf in 1995. He is an extraordinary dressage mount. In 1998, he received second overall for the USDF Horse of the Year, while Champion for the Hanoverian breed. Since then, he has successfully shown up through Grand Prix. Weltbekannt's offspring too is proven top quality. In 2001, more than any other U.S. or German Stallion, eight of his offspring (mares) scored 7.16 or higher at inspection.

Winner must pay booking fee and Equitainer if semen is shipped. Valued at \$1200
